About College

JNTUA College of Engineering (Autonomous) Ananthapuramu, an esteemed engineering college in Andhra Pradesh was established in 1946 and has been growing continuously in size with respect to intake, faculty strength, number of academic programs offered and infrastructure. It is always committed to offer value added instruction to widen the horizon of vision for the enrichment of technical education along with skill development.

About Department

The Department of Electronics and Communication Engineering is started in the year 1974; over four decades the department has produced high quality Engineers who have occupied coveted positions in India and abroad. Sincerity, commitment, passion and team work are the unique qualities the department could internally nurture over a period of time. PG programs were introduced during the year 2001. Later the department acquired research capability. The department has well qualified faculty with a right blend of experienced and young and dynamic teachers.

Objective of Webinar

The National Education Policy 2020 is the first education policy of the 21st century and aims to address the many growing developmental imperatives of our country. This policy proposes the revision and revamping of all aspects of the education structure, including its regulation and governance. This webinar create awareness to the entire faculty on the salient features of NEP-2020 and its implications in the higher education system.

PATRON
