

ABOUT THE INSTITUTE

Oil Technological Research Institute was established in August 1949 (Post Independence) by the Govt. of Madras at Anantapur. The institute was undertaken by Jawaharlal Nehru Technological University from 1st April 1985 for the better development & greater prospects for the research staff and to expand its progression in the academic activities.

OTRI is the only one of its kind in India solely devoted to the R&D of oils, fats and related subjects. It is situated in a picturesque campus of 10.42 acres land in Ananthapuramu on the National Highway 44 i.e. on the Bangalore road.

JNTUA Oil Technological and Pharmaceutical Research Institute (OT&PRI) was established by Jawaharlal Nehru Technological University Anantapur, Ananthapuramu. The institute motto was to develop in the field of research by encouraging its activities and to expand its knowledge in establishing programs i.e., B.Pharmacy and M.Pharmacy. In 2009 PG (M.Pharm) and UG (B.Pharm 60 Intake) 2013 at Ananthapuramu and UG (B.Pharm 100 Intake) 2019; to provide top class education in rural areas of Rayalaseema. The college is housed in an independent and spacious building constructed as per norms and specifications of AICTE and PCI New Delhi.

The institute is completed 10 years of PG (M.Pharmacy) & UG (B.Pharm) 8 Years existence and commitment to excellence in Pharmacy education in rayalaseema region of Anantapur.

ORGANIZING COMMITTEE ALL FACULTY MEMBERS

Eligibility of Participants:

Faculty members from AICTE approved institutions.

Registration: Limited to 100 participants only on first come first serve basis as per eligibility.

Participants are requested to register from the following link <https://forms.gle/GthkJuSWkjR9smec8>

Dates:

Last date for receipt of applications	11 th March 2021
Information to selected participants	12 th March 2021
Confirmation from participants	13 th March 2021

Important Note:

An online Examination is mandatory for all the participants at the end of the FDP. Participation certificate shall be issued only to those participants who have a minimum of 80% attendance and a score of a minimum 60% in the examination.

Online Six Days Faculty Development Programme

Sponsored by

Faculty Development Cell,
All India Council for Technical Education,
New Delhi

(Under Technical Teacher's Training Scheme)

on

**"PHARMACY EDUCATION & RESEARCH –
PRESENT & FUTURE CHALLENGES"**

(15th to 20th March 2021)

Organized by

JAWAHARLAL NEHRU TECHNOLOGICAL UNIVERSITY ANANTAPUR
OIL TECHNOLOGICAL AND PHARMACEUTICAL RESEARCH
INSTITUTE (JNTUA – OT&PRI) ANANTHAPURAMU

&

DIRECTORATE OF FACULTY DEVELOPMENT &
IQAC
JNTUA, ANANTHAPURAMU

JNTUA OTPRI is a constituent Unit of Jawaharlal Nehru Technological University Anantapur and also approved by the AICTE and PCI, New Delhi.

JNTUA Oil Technological and Pharmaceutical Research Institute, Ananthapuramu is a unique centre of excellence at all levels of Pharmaceutical Education offering all courses in Pharmacy viz. B. Pharm., M. Pharm. (Specialization Pharmaceutics, Pharmacology, Pharmaceutical Chemistry, Pharmaceutical Analysis).

Efficient leadership and support provided by the JNT University, contribution made by the faculty members, staff, stakeholders, and proactive students lead to development of the core values of the Institution.

ABOUT THE FDP AND OBJECTIVES

The motto of FDP is to bring the faculty fraternity and scientific community into the one umbrella and explore the importance of pharmacy education in academics, research industry & drug control aspects so as to improve the overall healthcare system across the world in this current pandemic.

In this FDP various eminent personalities from academics, research centers, pharmaceutical industries & as well from drug control departments will share their experiences and knowledge on current & future challenges in pharmacy education & research.

Pharmacy education & research deals with the discovery of vaccines, new chemical entities from various natural sources as maker compounds/ lead molecules, Synthesis of new chemical entities in research laboratories by applying eco-friendly retro-synthetic approach, purification by chromatographic techniques and characterized by various spectroscopic methods, thermal methods and elemental analysis and so on. As well Biological screening, pre-clinical, clinical studies and post clinical studies, formulation, prescribing & dispensing of medicine, Therapeutic drug monitoring and patient counselling.

This FDP programme will provide an effective platform to learn recent developments in the field of pharmacy education, research, pharmaceutical industry & drug control aspects to budding pharmacists, research scholars and as well faculty fraternity.

All India Council for Technical Education (AICTE) sponsored One week Faculty development programs (FDPs) have proven to be successful for improving teaching skills in higher education.

Professional training programs produce promising outcomes in the best teaching and learning practices and many FDPs have proven effective in developing faculty skills and educational leadership.

Faculty development constitutes a strategic level for institutional excellence and quality parameters.

BENEFITS OF FDP:

Attendees of the program will get insights on latest advancements in pharmacy education & research by highly qualified and experienced professionals from Pharmacy fraternity viz., academics, research, pharmaceutical industry & drug control aspects. This FDP will also helps in soft skills enrichment relevant to pharmaceutical sciences and technology.

RESOURCE PERSONS:

Highly qualified and eminent intellectuals from national and international i.e., reputed universities, institutions, pharma industries, drug control and other allied departments will contribute and disseminate their professional excellence to bring the transformation in faculty fraternity in turn faculty will commit and dedicate in their respective field for the development of society.
