Director of Evaluation**

Date: 10.01.2022

CIRCULAR

As per the directions received from University Grants Commission (UGC), the university has initiated the process of uploading of the Original degree and semester marks memos on to National Academic Depository-Digilocker portal, an initiative of Government of India.

The students will be able to access and download their certificates through their Aadhaar number from Digilocker portal. So, students' Aadhaar details are very important to upload the certificates on to Digilocker. Hence, the University Examination Branch has created a new module to upload the students' Aadhaar details and also to verify the status of the uploaded Aadhaar details after validation by the University. **The instructions manual to upload the Students' Aadhaar by the Colleges in EMS is herewith attached for your reference.**

In this connection, all the Principals are requested to update the students' Aadhaar details through the College EMS portal **on or before 24.01.2022 by 5PM** to enable the use of the services of Digilocker.

TREAT IT AS MOST URGENT.
