Date: 15.07.2022

To
The Principals,
All Affiliated and Constituent Colleges offering B.Tech/B.Pharm programs.

CIRCULAR

Sub: Community Service Project for B.Tech Program - Request - Reg.

Ref: Revised Academic Calendars dated: 12.07.2022.

-oOo-

As per the direction of higher education department, Government of Andhra Pradesh, Community service project (CSP) for B.Tech programme is mandatory. In this regard, the university has revised the academic calendar for B.Tech II Year II semester to accommodate the CSP. Two weeks have been shown in the calendar exclusively for collecting data regarding the project and the project will continue along with III Year I semester regular classes. To compensate these two weeks the university has decided to conduct an end theory examination daily instead of alternate. It is requested that principals use the second Saturday and Sunday's for compensation whenever possible or necessary.

In this regard, we request all principals, students and parents to cooperate with the university to make up the academic calendar which was disturbed due to COVID.
