Note # 1
Submitted to the Principal:
Sub: JNTUACEA-ECED-Washrooms-Civil Maintenance works-Request-Reg.

This is to bring to your kind information that the outlet water pipes in most of the urinals in washrooms of the department are not properly connected to drainage pipes. And also some of the toilet commodes damaged. So, the washrooms of the department needs civil maintenance works.

Hence, it is requested to give necessary directions to the concerned officer/section to address the above mentioned civil maintenance works in the department.

Examinations

The JNTUA has implected Automation of Examination software in all its constituent units. The Examination Management System is a web portal that allows the admin users to perform website administration tasks. The features and functionalities of Examination Management System admin portal are: 1. Data Administration, 2. Exam Management, 3. Modifications, 4. Reports, 5. Publish Data to College, 6. College Approvals, 7. Payments, 8. View and Resolve Discrepancies, and 9. Data Entry Operations.

In order to get started with the administration work, you need to login to the admin portal of Examination Management System. Enter the **User Name** and **Password** and click **Login** to login to admin portal as shown (a). After logging into the admin portal, the home page will appear on your computer screen as shown (b)

You can manage the exam notifications such as exam fees, cost of application, last date last fee amount, end date and etc. In order to manage the notifications you need to select the existing notifications. The below screens provide a brief description of the Manage Exam Notifications.

STEP – 2: On successful conduction of examination the scripts are decoded. The scripts after valuation will be mapped with subject code, Hall ticket and decoded number to get the external marks. The internal marks were also mapped with subject code and Hall ticket number. The Internal and External marks were added to get the final marks for the respective subject to the respective student. The T Sheets will be generated for all the conducted examination and the reports can be viewed. The results can be published officially in the college results portal. The

REGISTRAR
J.N.T.U. Anantapur

notification for recounting will be released after the results are published. By considered the applications of recounting notification, the scripts were identified with the help of decoded number. If any difference found in processing the recounting the same will be reflected in EMS portal in the presence of controller of examination through confidential login credentials. The memo's will be generated and printed which are ready for distribution to students. For students who have successfully completed all the semesters are eligible to generate the PC and CMM.

1. INTRODUCTION:

1.1 About APSCH:

AP State Council of Higher Education (APSCHE) came into existence w.e.f. 20.05.1988 through Act 16 of 1988 as per the recommendations of the National Education Policy 1986 to advise the Government in matters relating to Higher Education in the State and to oversee its development with perspective planning and for matters connected therewith and incidental thereto.

It is the general duty of the Council to coordinate and determine standards in institutions of Higher Education, Research, Scientific and Technical Institutions in accordance with the guidelines issued by the University Grants Commission from time to time. The Act 16 of 1988 envisages three distinct functions (a) Planning and Coordination, (b) Academic Functions and (c) Advisory Functions.

1.2 Objective:

The main objective of the Admission module is to allot the seats as per the eligibility rules.

1.3 Scope:

The scope of this document is to explain the process of Candidate registration, Fee payment and placing the weboptions and allotment of seats as per the candidate preferences.

1.4 Abbreviations:

APEAPCET	Andhra Pradesh Engineering, Agriculture and Pharmacy Common Entrance Test
APSCHE	Andhra Pradesh State Council of Higher Education
VO	Verification Officer
OTP	One Time Password

Ask GeMmy

Power Factor Load Supported

0.8 or better

Overall Efficiency (%)

>/=80% & <90% with Inbuilt isolation transformer

Other Functional Features

Crest factor on full non-linear load is not less than 3:1

0.8 or better

>/=80% & <90% with Inbuilt isolation transformer

Crest factor on full non-linear load is not less than 3:1

0.8 or better

>/=80% & <90% with Inbuilt isolation transformer

Crest factor on full non-linear load is not less than 3:1

0.8 or better

>/=90% & <94% without Inbuilt isolation transformer

Crest factor on full non-linear load is not less than 3:1, Noise level (1 meter distance from UPS) should be less than 70dB, Input power factor at full output load leading to unity with active power factor correction (APFC) >/=0.92, Transient response time (for 100% load change, output must remain within +/-1% and recovery) as <20 milliseconds, Battery recharge time (after complete discharge to 90% charge) and charge rating: Battery recharge time to 90% charge after 100% DoD : 8 to 10 Hours, Maximum overshoot and Under shoot of output rated voltage (in percentage) (4%), Voltage Regulation from no load to full load (%) (< / = 2%), UPS input power factor better than 0.95 (at rated voltage)

3% Maximum @ 100% Linear Load

3% Maximum @ 100% Linear Load

3% Maximum @ 100% Linear Load

3% Maximum @ 100% Linear Load
