About College

JNTUA College of Engineering (Autonomous) Anantapuramu, an esteemed engineering college in Andhra Pradesh was established in 1946 and has been growing continuously in size with respect to intake, faculty strength, number of academic programs offered and infrastructure. It is always committed to offer value added instruction to widen the horizon of vision for the enrichment of Technical education along with skill development.

About Department

The department of Electronics and Communication Engineering is established in the year 1974. The department has come a long way since its inception, keeping pace with the changing needs and expectations of the society. At present, the department is running a full time UG program in Electronics and Communication Engineering, three PG programs in Digital Electronics & Communication Systems (DECS), VLSI and IOT specializations besides Ph.D. degree program in emerging areas of relevant technology. The department has experienced and dedicated faculty who work with lot of zeal and enthusiasm. The department conducts workshops, symposia, student and faculty development programs regularly on latest developments in the area of electronics and communication. The department takes pride in its highly placed alumni all over the globe.
