A ONE-DAY WORKSHOP ON

"AWARENESS PROGRAM ON BREAST CANCER"
16/10/2023

THEME - "KEEPING HER IN THE PICTURE"

About the workshop:

According to American Cancer Society 1 in 8 women are diagnosed with breast cancer in their lifetime. Though we can't prevent cancer, it is important to be proactive about women's health. Most of the cases of breast cancer do occur in middle-aged or older women, a breast cancer diagnosis can happen at any age or at any time.

Objectives of workshop:

- To educate everyone about breast cancer
- To identify the risk factors
- To help raise awareness in detecting breast cancer early
- To impart knowledge on screening tests
